They can also charge via USB. But is the £250 price a fair one for a set of high-end earbuds? We've put them through their paces in a series of tests to find out, and got a bit more information on their audio specs as well. The Sennheiser MX earbuds were launched earlier in the year alongside the more-affordable Sennheiser Momentum in-ear headphones, which while they don't have the same audio quality, are much more affordable. Both the Momentum and MX were designed in-house by Sennheiser, who, with the funding they receive from the German government, 82157476af
